Active School Committee

Barna N.S. is trying to renew its Active School Flag for 2018. In order to do this we have set up an Active School Committee. Each member of the committee has an important role that they must fulfil every day in order to ensure that our structured games can take place at lunch time.

Run Around Europe!

We have started a new Running Initiative this year. We are hoping to run to all the capital cities in Europe! One lap of the playground is equal to one kilometre.

So far Ms. Fletcher's class have reached London (576km) and Ms. O'Dwyer's class have reached Brussels (976 km) and Amsterdam (1146km)! You can find more information and photos of our running challenge on the school website under "Active School Flag 2017/2018".

Structured Games

Children from 1st class to 6th class play structured games every lunch time. There are four teams and each team plays a different sport every day including; hockey, tag rugby, soccer, tennis, badminton and Olympic Handball. These games help to ensure everyone is active at lunch time.
